

Introduction to Thinking Critically Online

Before the lesson, read the questions and complete the 'I think I know' sections with what you think the answers might be. **After the lesson,** complete the 'I have learnt' sections with what you have learnt the answers are.

1. What is the difference between a fact, belief and opinion?

I think I know...

I have learnt...

2. What does it mean to be 'sceptical' about something?

I think I know...

I have learnt...

3. Why might someone share wrong information as if it is true?

I think I know...

I have learnt...

4. What can you do to tell if information online is true?

I think I know...

I have learnt...

5. Why might false information online be harmful?

I think I know...

I have learnt...
